JOHN READING FOR CIRCUIT CLERK

States That He Will Make the Race For
This Office—N. I. Toombs Will
Not be a Candidate for
Re-election

John Reading who has for the
past fourteen years been con-
nected with the office of circuit
court clerk, as deputy, in con-
versation with The "Bee" said
yesterday that he would be a
candidate for this office and
would make his formal announ-
cement in this paper at the pro-
per time. It is understood that
our old friend Nick Toombs will
not be a candidate for this office
but has another bee buzzing in
his bonnet that points toward
the sheriff's office.

John Reading will make a very
strong candidate for circuit clerk
as during his long service as de-
puty he has by kind and courteous
treatment of those having busi-
ness with him, made hundreds of
friends and his well known effi-
ciency and ability along this line
of work make him eminently fit-
ted for the place. He is justly
regarded as one of the best cir-
cuit clerks in the state and his
many friends in the county will
doubtless rally to his support.

Killing Birds

The pernicious habit of killing
birds should be stopped wherever
engaged in, not only because it
is a violation of our laws, but be-
cause birds eat millions of in-
sects and thereby protect crops
of all kinds. Scientists tell us
that if all birds were destroyed,
insects would eat all vegetation
and man would die all starvation
in a short while. It is a viola-
tion of law to kill any kind of
birds except English sparrows
and what is known as crow-black
birds. It is a violation of law to
catch a bird, or have one in pos-
session after it is caught.

Parents should teach their
children to let birds and their
nests alone. Were it not for the
birds we could not raise gardens
or crops of any kind, and the
sooner our people learn the true
value of our birds, the more anx-
ious will they become to protect
them and the better it will be
for everyone. The person who
kills or capture a bird, or has it
in possession after it is captured,
is liable to a fine of not less than
five dollars and cost, or about
fifteen dollars, and any one who
sees another kill or capture a
bird, or keep one in captivity,
should tell it to the officers and
help punish the guilty person.
The existence of the human race
depends upon the existence of
the birds, and people who kill
birds are law breakers and
should be punished.

Feeling Good

A neighbor dropped into our
office this week with a grin on
both sides of his face and im-
parted the very evident and sup-
erfluous information that he was
"feeling good."

Said he had been reading the
ads in our paper more carefully
than usual, and found that he
could actually save money by
doing his trading at home instead
of continuing his contributions
to the mail order millionaires.
Of course he was feeling good.
How's YOUR feel?

Dived 100 Feet

Earl Ford crawled to the top
of the L. & N. bridge at Hender-
son and made a successful dive
into the Ohio river, a distance of
more than 100 feet. A boat was
in waiting and Ford was picked
up little the worse for his dive.

Go to Church Message Twentieth Century Method of Awakening Religious Fervor

GO TO CHURCH!

In the brief time that the GO TO CHURCH move-
ment has been so widely heralded throughout the country
there has been a big increase in the attendance at churches. Clergy-
men declare that RELIGION NEVER WAS DEAD. All that it
needed was an awakening. AND IT HAS AWAKENED.

But there are thousands today who have not yet heeded the
GO TO CHURCH call. It is to these that this appeal is directed.
Do you believe in a Supreme Being? If you do, is he not worthy
of worship? No matter how derelict you have been in the past,
the church awaits you. If you haven't been to church in a decade
all the more reason that you GO TO CHURCH now.

AS A MATTER OF FACT THERE NEVER WAS A TIME WHEN
PEOPLE HAD FORGOTTEN CHURCH. IN LATTER DAYS THERE
HAS BEEN A WAVE OF MATERIALISM AND UNGODLINESS, BUT
RELIGION ONLY REQUIRED AN AWAKENING CRY. THE GO TO
CHURCH MOVEMENT IS AS A PRAIRIE FIRE, IN EVERY VIL-
LAGE, HAMLET, TOWN AND CITY THE CRY HAS BEEN TAKEN
UP. THIS GO TO CHURCH MESSAGE IS A TWENTIETH CEN-
TURY METHOD OF AWAKENING RELIGIOUS FERVOR. IT IS
SUCCEEDING.

Do your part in this splendid movement. When you read this
ask your neighbor if he has read it. KEEP BOOSTING. Some
people say that GOING TO CHURCH IS GETTING TO BE
A FAD NOWADAYS. If that is so there are some fads worth
while, after all. When one considers that all that the churches
ask is a brief time every Sunday morning it is hard to conceive
how any one can refrain from performing this plain duty.

GO TO CHURCH next Sunday!

GO TO CHURCH the following Sunday!

GO TO CHURCH every Sunday!

Coming of The Rubes

Summer is at hand, and like-
was the annual coming of the
city rubes.

Treat them gently, handled
them with care, for though they
may not be marked "fragile,"
they are as babes in the woods.

Give freely of your store of
knowledge, that they may return
to the abode of innocents with
wisdom to spare, for as we give
in this life so shall we receive in
the one to come.

Instruct them carefully in the
fine arts of the milking of the
cow, the feeding of the fowls and
the pitching of the hay, and smile
not when they ask to remove the
"thick yellow scum" from their
milk.

Assure them that when the
cock crows at break of day it is
not an alarm of fire, nor yet an
earthquake, and neither is it a
signal for lights out in the bar
room.

Awake them at noon for their
morning repast, and warn them
of the bull, and the snakes, and the
business end of the goat, and of all the
snarls that beset the unwary in the field
of adventure.

Grave is your responsibility.
Give it heed.

A Costly Cigarette

A lighted cigarette thrown
among the stubble in a wheat
field near Fulton, caused a fire
which destroyed forty acres of
fine wheat, and a fine Thresher
escaped by the hardest of work.
And yet many fellows are just
as foolish as this fellow proved
to be.—Callaway Times.

CANNED PTOMAIN AND A QUICK NEEDLE

Double Funeral Averted by Rapid Action
After Two Section Hands Ate
Poison

Dr. Ross had a couple of pecu-
liar cases yesterday afternoon,
and it looked dark indeed for
both for a time. Two negro sec-
tion hands were brought in on a
handcar from the neighborhood
of Victoria mine, not long after
noon, cold and unconscious, and
hurried to the St. Bernard Hospi-
tal. The doctor used the need-
le with a powerful drug to unveil
the mystery of the stomach con-
tents and lo, there was an abun-
dance of lye homony—in both
cases. With stomachs relieved,
consciousness returned and
strength was quickly recovered.
They said they ate dinner to-
gether and both consumed lye
homony—whole—out of the same
can. The cases are labeled
"ptomaine." The label would
probably have been written on a
wooden headboard, with no
cause assigned, but for a quick
handcar and a handy doctor with
a needle.

Our Affairs With The Japs

The final publication of the
correspondence between the Uni-
ted States and Japan relating to
California's anti-alien policy, has
developed even a milder presen-
tation than most people at the
National Capital expected: Ja-
pan very successfully made the
Roosevelt, Taft and Wilson ad-
ministrator uncomfortable, and
Capitol Hill breathed long deep
draughts of relief when Colonel
Goethals let it be known that the
Panama Canal was ready to put
warships through the locks in
case an emergency arose. Since
then the administration has not
become so excited over the per-
formance of Japan, although it
was declared by Senator William
Alden Smith, of Michigan, that
the visit of a Japanese naval of-
ficer to Huerta precipitated the
American attack upon Vera Cruz.

Big Loom-End and Clearance Sale

H. D. Cowand is putting on a
big loom-end and clearance sale
at his new store and is offering

gains they have ever had the op-
portunity of participating in.
All of his goods are new and up-
to-date and you will make no
mistake by visiting this store
during this sale and making your
purchases. We call your atten-
tion to the double page adver-
tisement in this issue of the pa-
per and feel sure it will pay you
to read it carefully.

Drys to Make Fight

Hopkinsville, Ky., July 4.—
Petitions are being circulated in
all sections of the county asking
that an election on prohibition
be called for Monday, September
21. The drys are jubilant over
the prospect and already claim
they will win by a big majority.
If prohibition is voted it will put
out of business twenty-two li-
quor houses here.

Until the Plumber Arrives.
While waiting for the arrival of a
plumber, when the water pipes have
sprung a leak, the housewife may do
a little repairing herself. The water
should be turned off and a solder made
by mixing some whiting with common
yellow soap and just enough water to
form a thick paste. Apply this mix-
ture to the leak and in a little while
the water may be turned on very slow-
ly. This solder may last a day or
longer.

Daily Thought.

Never be unemployed, never be
triflingly employed, never waste
time.—John Wesley.

Pitched Two Perfect Ball Games

In the July American Maga-
zine "Eddie" Collins, of the
Philadelphia Athletics, writes an
article entitled "Pitchers I Have
Faced." Collins is one of the
greatest batters in the business
and he is the player whom "John-
ny" McGraw, of the New York
Giants, calls the greatest base-
ball player in the world. He
tells many interesting stories of
remarkable pitchers one of whom
is the late "Addie" Joss, pitch-
ing star for the Cleveland team.
Collins thinks that Joss was one
of the best pitchers he ever had
to face. He says that Joss's best
achievement in the pitchers box
came in Cleveland against the
Chicago Americans when pitched
against "Eddie" Walsh he pitch-
ed a nine-inning game in which
not a man reached first base.
Joss shares this honor alone with
"Cy" Young, that of ever having
pitched a perfect game.

Blessings of Oblivion

The reign of Antonius is marked
by the rare advantage of furnishing
very few materials for history, which
is indeed little more than the register
of the crimes, follies and misfortunes
of mankind.—Edward Gibbon.
